**SUPERINTENDENT OF SCHOOLS REPORT**

*To the Superintending School Committee and Citizens of Union:*

As required by law I submit the following report of the schools of Union, my thirteenth report. Schools have been taught the most efficiently the past year that they have ever been under my supervision. This is true because there has been an experienced or a trained teacher in every school. The finest of cooperation has been shown on every hand by citizens, parents, pupils, members of the committee, and teachers in every school activity.

## TEACHER CHANGES

Grammar and Primary schools have continued to be taught by Mrs. Farris and Mrs. Robbins. The superior work of these teachers, who have taught in town several years, is known and appreciated. Miss Brawn returned to Hawes school where she has continued to give unusual satisfaction. At East Union, Miss Robbins was succeeded by Miss Galvin of Bath, a graduate of Gorham Normal school. At Nye, Mrs. Heath was succeeded by Miss Ripley. At Round Pond Miss Pendleton was succeeded by Mrs. Heath. At Stone, Miss Ripley was succeeded by Mrs. Garland, a teacher of experience, who is well known in town. These teachers have done highly efficient work and have made their schools very successful.

## TEACHERS' MEETINGS

Saturday, September 14th, the grade and rural teachers of Warren and Union met at the home of the superintendent. Tuesday evening, September 24th, the high school teachers of both towns met. October 12th, Miss Frances Whidden, Model Teacher of Gorham Normal School, spoke to the grade and rural teachers of both towns at Warren.

## HIGH SCHOOL

High school under the direction of Principal Douglas, Miss Glidden, and Mrs. Mitchell, who has taught at the afternoon sessions, has been a real success. Since the fall term there have been twelve tuition students from South Hope and one from Warren. Should all of these tuition students complete the year \$780.00 will be received by the town.

## REPAIRS

The East Union building has been painted two coats and the Hawes building one at a cost of \$121.52. At the East Union building a cement bulkhead has been built to

facilitate putting in the wood and kindling at a cost of \$33.10. The ceiling at the Hawes building has been covered with wall board at a cost of \$44.66. The usual minor repairs have also been done at all buildings.

Nearly all buildings need inside painting of walls and woodwork and several buildings should be painted outside.

### ATTENDANCE

The attendance at most schools has been unusually good the past year. Considering the prevailing epidemic of mumps the attendance at most schools was unusual for the fall term. The percentage of average attendance at schools was as follows:

Winter term: Nye, 95.5; Grammar, 91.5; East Union, 90.1; Primary, 90; High, 84.7; Stone, 84.6; Hawes, 71; Round Pond, 67.3.

Spring term: Grammar, 97.3; High, 95.9; Hawes, 93.3; Nye, 93.1; East Union, 91.9; Primary, 90.9; Stone, 90.6; Round Pond, 71.2.

Fall term: East Union, 97; Grammar, 94.1; Round Pond, 93.3; Nye, 93.1; High, 92.8; Stone, 92.1; Primary, 84.6; and Hawes, 70.9.

### TARDINESS

The tardiness record in some schools has been especially good and in others it has been especially poor. Grammar school has the best record for the year, having but 19 marks for 27 pupils; Primary, second, with but 30 marks for 24 pupils; Stone, third, with 31 marks for 16 pupils; East Union, fourth, with 55 marks for 21 pupils; Nye, fifth, with 55 marks for 11 pupils; Round Pond, sixth, with 133 marks for 26 pupils; Hawes, seventh, with 98 marks for 11 pupils; and High, eighth, with 689 marks for 68 students.

Tardiness is a distinct waste of the money paid by the town to maintain the school and a waste that can be very easily corrected if the few parents whose children are late will see that they are at their schools on time daily.

## INTERESTING FACTS

121 pupils in grade and rural schools this fall. 13 less than last fall.

68 students at high school this fall. 5 more than last fall.

111 average attendance for grade and rural schools. 11 less than last year.

63 average high school attendance. 4 more than last year.

72 in grade and rural schools not absent at any session for term. 18 less than last year.

31 in high school not absent at any session. 32 less than last year.

429 visitors at all schools the past year. 9 less than last year.

## CONCLUSION

I wish to express to citizens my appreciation of their support of schools and all school activities. The Selectmen I wish to thank for their courtesy and kindness. I wish especially to express to the members of the school committee my appreciation of their interest in schools and of their assistance in solving the numerous school problems that have been brought to their attention. To the teachers and girls and boys I wish to express my appreciation of the genial atmosphere of their schoolrooms which has been that of kindness, courtesy and willing effort. This attitude on the part of all has made the work of the superintendent a pleasure and a privilege.

Respectfully submitted,

FRANK D. ROWE,  
*Superintendent of Schools.*

## ANNUAL REPORT

## HIGH SCHOOL

*To the Superintendent, School Board and Citizens of Union:*

The addition of a third teacher to our force has had most favorable results. The classes have been much more efficient, although the school has increased in size from 58 students last year to 69 this. Ranks have increased 30% and the work being done is very satisfactory.

We are very fortunate in having Miss Glidden and Mrs. Mitchell as assistants. Miss Glidden is a Colby graduate and Mrs. Mitchell a graduate of Castine Normal School. Both are experienced teachers and are doing excellent work.

We have been very pleased to have had so many visitors this year and hope that many others may find an opportunity to visit us.

I wish the townspeople would consider the proposition of a new High School building within the next two or three years. The present building is seriously overcrowded and does not offer sufficient facilities for laboratory work in the science courses. Its physical condition is very poor and certainly the young people who are doing so well and giving such fine cooperation under present conditions should be given every advantage possible.

Respectfully submitted,

ROBERT L. DOUGLAS, *Principal.*

**TOWN WARRANT**

To CLARENCE LEONARD, Constable of Town of Union, Maine, in the County of Knox,

**GREETING:**

In the name of the State of Maine you are hereby required to notify and warn the inhabitants of the said Town of Union, qualified by law to vote in town affairs, to assemble in the Town House in said town on Monday, the 10th day of March, A. ### SCHOOL OFFICIALS

#### Members of the School Committee

Maynard A. Lucas, Chairman, term expires in March, 1931.

Wilbur C. Thurston, term expires in March, 1932.

James L. Dornan, term expires in March, 1933.

#### Truant Officer

WILLIAM E. HASKELL

#### School Calendar

Spring term begins March 16, and closes June 5, 1931.

Fall term begins September 7, and closes December 18, 1931.

Winter term begins January 4, and closes February 19, 1932.

The High School calendar will be the same except that the winter term closes March 4, 1932.

#### School Holidays

Patriot's Day coming on Sunday, April 20; Memorial Day, May 30; Labor Day, September 7; Armistice Day, November 11; and Thanksgiving Day.

#### Superintendent of Schools Report

To the Superintending School Committee and Citizens of Union:—

As required by law I submit the following report of the schools of Union, my fourteenth report.

Schools the past year have been taught the most efficiently that they have ever been under my supervision. For the first time probably in the history of the town every teacher but one has had several years of experience, and this teacher has had a year at Normal school. The finest spirit of co-operation has been shown on every hand throughout the year.

Because of the crowded condition of the grade schools at the Common and because there were thirteen children to attend the South Union School, this school, which has been closed five years, was reopened this fall, and Mrs. Eva Starrett was secured as the teacher.

Mrs. Chester Burns who has transported to Round Pond school so faithfully for more than ten years resigned at the close of the school year and Ralph Hunt has since the opening of schools this fall transported the children of Shephard Hill.

During the winter term Roland Miller transported from Clarry Hill, Dorothy and Ruth Clarry.

#### TEACHER CHANGES

There have been fewer teacher changes the past year than usual, no changes being made in the schools at the Common in Grades or High School. At Stone, Mrs. Garland was succeeded by Miss Doris Overlock of Washington. At East Union, Mrs. Myrtie Messer, now of Union, succeeded Miss Galvin; and at Hawes, Miss Brawn was succeeded by Miss Mabel Esancy.

#### REPAIRS

The ceiling and walls of the high school building have had to be further patched with Bristol board and new outside cellar doors made. The Hawes building has been shingled on the southern side. The

usual minor repairs have been made at all buildings, floors oiled and rooms cleaned. Nearly all buildings need inside painting of walls and wood work and several buildings should be given one coat of paint.

### ATTENDANCE AND TARDINESS

The attendance at all schools has been especially good the past year, as is shown by the record of each school in the school statistics. The tardiness record in most schools has also been unusually good. Grammar school has the best record for the year, having but 24 marks for an average number of 25 pupils; East Union, second, with 23 marks for 20 pupils; Primary, third, with 32 marks for an average number of 24 pupils; Stone, fourth, with 55 marks for 17 pupils; Nye, fifth with 49 marks for 15 pupils; Hawes, sixth, with 39 marks for 10 pupils; Round Pond, seventh, with 100 marks for 19 pupils. South Union had 32 marks for 13 pupils for the fall term. The East Union school had for the fall term of fifteen weeks the unusual record of no tardiness.

High School has continued to be nearly as large as the past few years, having 65 students at the opening of the fall term. Of this number, twelve were tuition students, 11 from South Hope and one from Warren, for each of whom the town receives \$60.00, \$720.00 for the year.

The success of the school and the excellent work of the teachers needs no comment.

Schools the past year have cost \$473.00 more than they did a year ago. Of this amount \$181.33 has been paid to high school teachers; \$66.00 to rural teachers; and the opening of the South Union school has cost \$198.00 more than it did last year to transport. The remaining increase has been in transportation.

State Commissioner of Education, Mr. B. E. Packard, in a recent letter states that, because of the action of the last legislature, there will be \$100,000.00 less to be distributed to the towns and cities of the state from the State School Fund the coming year. This fact means that less help will be received from the State and thus more help from the town.

Altho \$5,500.00 was appropriated for schools last year, there was a balance of \$650.99, nearly all of which has been expended. Thus \$6,142.60 has been the cost, exclusive of the help from the State Fund and the tuition.

#### INTERESTING FACTS

142 pupils in grade and rural schools this fall. 31 more than last year.

## CONCLUSION

Another year I have been privileged to be associated with the Citizens, Selectmen, Members of the School Committee, Teachers, and Boys and Girls as superintendent of schools; and once more I wish to express my appreciation of the continued fine school spirit that has been shown in every school and every school activity. I wish especially to express to the Members of the School Committee my appreciation of their unfailing interest in schools and every school activity. The teachers and pupils I wish to thank for their finest of co-operation which has been a source of encouragement throughout the year.

Respectfully submitted,

FRANK D. ROWE,  
Superintendent of Schools.

## HIGH SCHOOL

To the Superintendent, School Board and  
Citizens of Union:—

The present school year has been a very successful one and we were very fortunate in having the same teaching staff as we had last year.

Our attendance record is especially good this year. The record by classes is as follows:

Seniors, average attendance 90.23 percent; average tardiness 5.17 percent.

Juniors, average attendance 93.83 percent; average tardiness 2.75 percent.

Sophomores, average attendance 97.00 percent; average tardiness 1.92 percent.

Freshmen, average attendance 80.00 percent; average tardiness 2.31 percent.

As the Freshmen class is the smallest, this gives an average attendance of over 91 percent.

I again urge the consideration of a new school building. Our present building is in very poor condition and entirely inadequate.

The Laboratory is so small that the students must work in large groups rather than by twos and threes, thus causing them to lose the advantage of individual work which is so important in science courses.

I wish that more of the townspeople could find time to visit us as all are cordially invited to do so.

In closing I wish to thank the superintendent, School Board, and Teachers for the splendid co-operation and help they have given me.

Respectfully submitted,

ROBERT L. DOUGLAS,  
Principal Union High School.
